We are looking for a CGI Generalist!

We are a Sydney based creative production studio, specialising in CGI and retouching, creating assets for print, online and TVCs.

Requirements:

The work we do varies from graphic to photo real and we are leader in this area.

We are looking for an experienced generalist who works in 3ds Max, can create photorealistic shaders in V-Ray and preferably has experience in particle driven plugins such as tyFlow and other plugins such as Forest Pack, Ornatrrix.

The ability to be able to light scenes realistically would also be required.

Not necessary but advantageous would be knowledge of:

- Knowledge or awareness of ACES workflow
- Creation of proper HDRI environments
- Familiarity with photogrammetry processes
- General knowledge of FX supervision

Software:

Primary

- 3ds Max 2021
- V-Ray
- tyFlow
- Forest Pack
- Ornatrrix / Hair Farm
- Sculpting
- ZBrush

Secondary

- Houdini
- RealFlow
- Anima XYZ
- Retouching and Texture Preparation
- Photoshop
- Substance Designer
- Compositing and Grading
- After Effects
- Davinci Resolve
